The college is situated in the heart of Satpuda mountain and more than 80% of the population is of the tribal community. 90 % students are from the BPL. The staff fluently adopted five students for three years and provided them with. The financial condition is so poor. Every year the Kalika Devi fare was held in the month of March in the same area where our college has situated. Thousands of people have enjoyed the fare for two to three days. Many poor farmers are there to purchase and sale oxen. So, we provide the college land for seven to eight days and even water is made available for the needy. Aim of the work is to help the poor farmers and save their money and time by providing college campus.
